

PROJECT NORTH

NAVIGATION, OUTREACH, RECOVERY, TREATMENT & HOPE

Project NORTH is a free, confidential, and voluntary court-based program providing access to recovery support navigation, transportation, and certified sober housing for court-involved individuals and families impacted by substance use.

RECOVERY SUPPORT NAVIGATION is provided by Navigators who work for licensed treatment providers in Project NORTH locations. Navigators help court users access treatment, recovery, overdose prevention, and community services. Navigators also assist with access to MassHealth enrollment and adjustment, prescribers for addiction treatment and psychiatric medication, and long-term care coordination.

TRANSPORTATION is available from court to the initial ride to treatment, recovery support, or overdose prevention and naloxone distribution services. *Court-involved individuals must meet with a Navigator for an intake and to determine eligibility for transportation.*

SOBER HOUSING resources are available to provide up to 90 days of rent in a certified and participating sober house for eligible individuals. *Court-involved individuals who need sober housing assistance must meet with a Navigator for an intake and to determine eligibility.*
